The UP Socialized Tuition System

Number of beneficiaries and estimated value of financial assistance granted on the **2nd Semester, AY 2016-2017** (1 semester only)

Program Overview

Given that students in UP come from all walks of life, there are those who may not be able to afford paying the full tuition. To identify these students and to provide additional subsidy, UP created the Socialized Tuition System (ST System) on 13 December 2013. The ST System provides tuition discount and other forms of financial assistance based on the assessment of the paying capacity of the household to which a student belongs. This assessment looks at the income as well as the socio-economic characteristics of the household.

UP System

Financial Assistance from UP's Socialized Tuition System*			Estimated Annual income of Beneficiary's Household**		Number of UG students eligible to receive financial assistance***	Estimated additional subsidy given due to tuition discount (2nd semester only, ave. 18 units per semester)****	Estimated additional subsidy to cover monthly allowance (for 5 months only)

Notes

*Tuition discounts and other financial assistance shall be for one academic year, renewable annually. Students who will be granted Full Discount + Stipend will receive monthly allowance for two semesters.

** Estimated Household (HH) Income is initially determined by (1) HH Characteristics that correspond to Annual Income and (2) HH Income and other sources of financial support declared by the student. Estimated HH Income may be adjusted when students report circumstances that affect their HH's capacity to afford cost of enrolling during the semester/year (e.g. loss of job, death in the family, calamities, illness in the family).

***Students are eligible when student (1) applies for tuition discount, (2) is a Filipino citizen, (3) is a bonafide undergraduate Doctor of Medicine, or Juris Doctor student, (4) not adjudged guilty of an offense that carries more than 30 days suspension, and (5) is in need of financial assistance

****Additional subsidy is equivalent to the forgone tuition revenue due to the grant of tuition discount.
