

EMERGING INTER DISCIPLINARY RESEARCH (EIDR) PROGRAM

(as of 31 December 2019)

Cnt	Program Title	Name of Proponent	CU	Unit	Beneficiaries	Funding Source	Duration (Years)	Start	End	Status	Total Program Budget	Publications
1	Philippine Studies on Primary Care- Pilot study in UP Diliman	Dans, Antonio Miguel	UPM	College of Medicine	Researchers, students, academe, community, health workers	Reprogrammed funds	2	2015	2017 (Extended until October 2019)	Ended	16,013,212.00	<p>Marfori JRA, Dans AML, Bastillo MOC, Paterno RPP, Rey MP, Catabui JT, Co EEA. 2019. Equity in health benefit utilization and financial risk protection in outpatient and inpatient care - Baseline survey of two socioeconomic groups of a pilot primary care benefits scheme in a university health facility. Acta Medica Philippina. vol. 53 No.1.</p> <p>Regine Ynez H. De Mesa Cara Lois T. Galingana Jose Rafael A. Marfori Mia P. Rey Nannette B. Sundiang Jayson T. Celeste Leonila F. Dans Antonio Miguel L. Dans. 2019. Impact of improved primary care on patient satisfaction: Results of a pilot study in the University of the Philippines First published: 29 July 2019 https://doi.org/10.1002/hpm.2862. International Journal of Health Planning and Management (WoS)</p>
2	Protein engineering of the major storage protein of mungbean enhanced with bioactive peptides exhibiting hypocholesterolemic activity	Torio, Mary Ann	UPLB	Institute of Chemistry	Researchers, students, academe	Reprogrammed funds	4	2015	2019	Ended	10,000,000.00	
3	UP Wellness Initiative for Seniors and Elders	Dela Vega, Shelley Anne	UPM	National Institutes of Health	Researchers, students, academe, seniors and elders	Reprogrammed funds	2	2016	2018 (Extended until December 2019)	Ended	19,620,035.00	

EMERGING INTER DISCIPLINARY RESEARCH (EIDR) PROGRAM

(as of 31 December 2019)

Cnt	Program Title	Name of Proponent	CU	Unit	Beneficiaries	Funding Source	Duration (Years)	Start	End	Status	Total Program Budget	Publications
4	Learning tourism destinations: Creating functional partnerships and initiating positive change for sustainable tourism development in local economies	Mena, Miguela	UPD	Asian Institute of Tourism	Researchers, students, academe, LGUs	Reprogrammed funds	2	2016	2018 (Extended until November 2019)	Ended	5,456,000.00	
5	Communicating science and technology research and development at the University of the Philippines	Pernia, Elena	UPD	College of Mass Communication	Researchers, students, academe	Reprogrammed funds	3	2016	2019	Ended	16,516,910.90	Congjuico T. 2017. Foundation for a responsive and relevant science journalism. Media Asia 43, 169-175.
6	Promoting sustainable tourism in the small islands in the visayas	Fernandez, Cheryl Joy	UPV	College of Management	Researchers, students, academe, LGUs	Reprogrammed funds	2	2017	2019	Ended	3,702,046.40	
7	Zinc-air battery: Oxygen electrocatalyst research and prototype design and development	Ocon, Joey	UPD	College of Mechanical Engineering	Researchers, students, academe	Reprogrammed funds	2	2018	2020	Ongoing	2,399,124.00	
8	Development of in Vivo and in Vitro Models for the Study of Endometriosis in the Philippines	Velarde, Michael	UPD	Institute of Biology	Researchers, students, academe	Reprogrammed funds	2	2018	2020	Ongoing	9,917,464.00	
9	Structural and Prebiotic Studies of Galacto- and Hetero-Oligosaccharides formed by Lactobacillus Delbrueckii Subsp. Bulgaricus Dsm 20081 Bgalactosidase	Arreola, Sheryl Lozel	UPLB	Institute of Chemistry	Researchers, students, academe	Reprogrammed funds	2	2018	2020	Ongoing	3,100,000.00	
10	Polydopamine nanocoatings and nanoparticles research for the target beneficial applications	Nuesca, Guillermo	UPD	Institute of Chemistry	Researchers, students, academe	Reprogrammed funds	1	2018	2019 (Extended until November 2019)	Ended	3,120,139.60	
11	How safe are our roads? The components of post- crash response, safe roads and safe vehicles in road management, road safety index, and road legislations and management in making our roads safer	Sigua, Ricardo	UPD	Institute of Civil Engineering	Researchers, students, academe, public	Reprogrammed funds	2	2018	2020	Ongoing	9,927,964.00	

EMERGING INTER DISCIPLINARY RESEARCH (EIDR) PROGRAM

(as of 31 December 2019)

Cnt	Program Title	Name of Proponent	CU	Unit	Beneficiaries	Funding Source	Duration (Years)	Start	End	Status	Total Program Budget	Publications
12	Influences of maternal dietary intake and nutritional status on the microbiological and chemical compositions of breast milk from selected lactating Filipino women at 0 to 4 months postpartum	Gabriel, Alonzo A.	UPD	Home of Economics	Researchers, students, academe	Reprogrammed funds	1	2018	2019	Ended	5,000,000.00	Bayaga CLT, Pico MB, Bongga DC, Barrios EB, Gabriel AA. 2019. Development and evaluation of a culturally sensitive food frequency questionnaire for the assessment of Prebiotic and Probiotic intake of Urban-living, Low-to-income Women
13	Discovering the World of First Hominins in the Philippines "Geology, Paleoenvironment, Palaeoecology of Arabic Hominins in the Philippine Islands	Volmer, Rebekka	UPD	Archeological Studies Program	Researchers, students, academe	Reprogrammed funds	2	2018	2020	Ongoing	11,762,112.00	
14	Targeting Microbial Pathogens using Specialized Strategies and Bioactive Molecules of Shipworm Symbionts	Salvador-Reyes, Lilibeth	UPD	Marine Science Institute	Researchers, students, academe	Reprogrammed funds	2	2019	2021	Ongoing	19,900,552.00
